# FORCE MAPLE The new finishes

Sonor is offering new exciting stain finishes in the Force Maple Series.

The finishes are:

**TG Tulip Green, TB Tulip Blue,  
TRD Tulip Red and TA Tulip Ash.**

All finishes are done by using Sonor's unique staining process which adds only a very thin layer of color onto the shell. This is important for an uninhibited sound volume and projection.

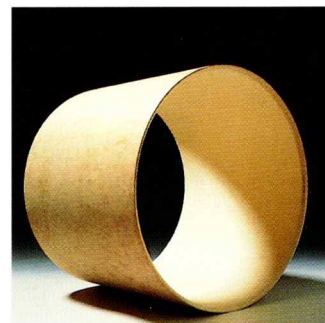

Force Maple drums are made from select maple. The shells are 9-ply and cross-laminated thus eliminating tension within the shell.

The result is a perfectly balanced and controlled tone with excellent resonance.

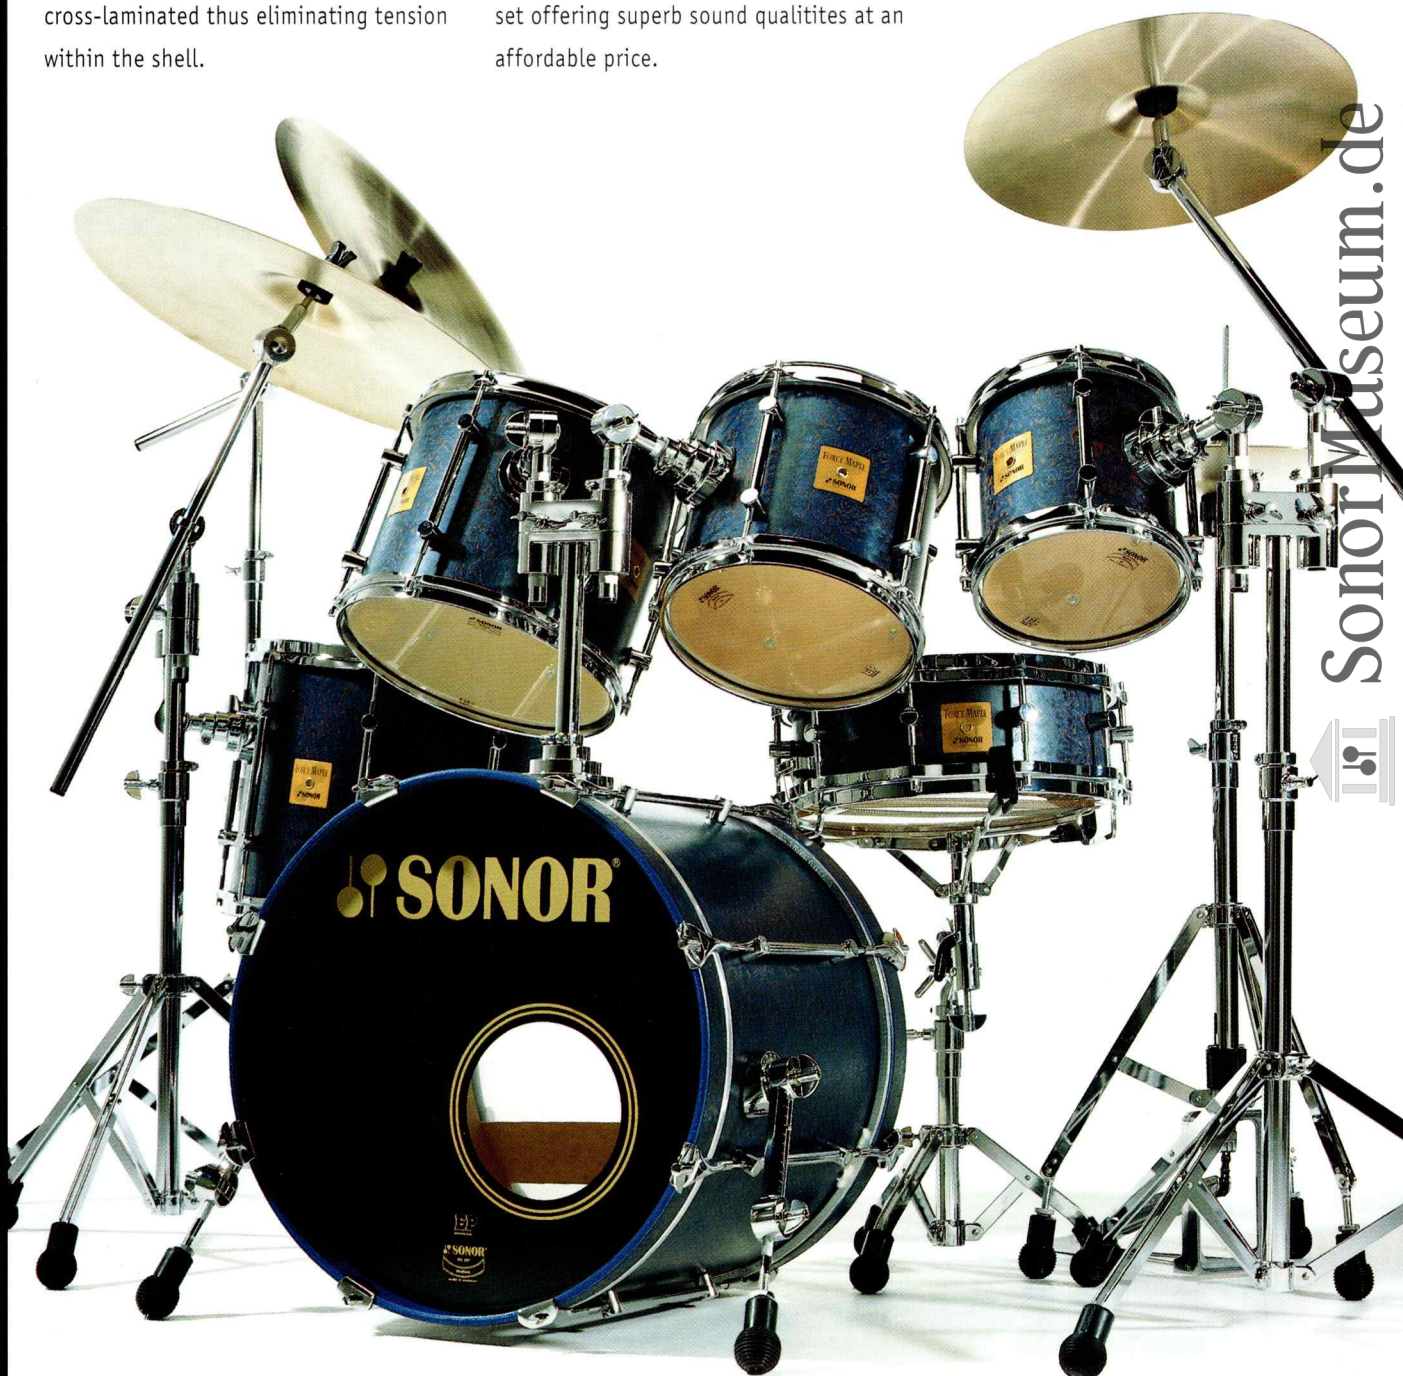

Force Maple drums are available in many sizes for a variety of set ups, from heavy rock to jazz.

They are fully compatible with both Force 2000 and 3000 Series hardware. They can also be ordered without mounts at no extra charge. Just add "NM" when ordering.

Force Maple are the choice of drums for anybody looking for a professional drum set offering superb sound qualities at an affordable price.

*Force Maple quality maple shell*

### FORCE MAPLE TA TULIP ASH

Force Maple Shell Set FS 3522 in TA

FG 322 TA	Bass Drum	22" x 16"
