THE NEW SOUND OF ROK

The new Sonor Force Rok Pak is a set of great-sounding drums in a popular configuration for today's progressive rock, all at a cool price.

Built to the legendary standards of Sonor, the Rok Pak comes with a 22" x 16" bass drum, a 13" x 11" rack tom, a 16" x 16" floor tom, a 14" x 6 1/2" wood snare drum and a complete set of hardware. A 14" x 6 1/2" metal snare drum and additional cymbal stands are available as options.

The Rok Pak has Sonor's 9-ply poplar wood shells in power depths for voluminous sound and great projection. With all drums and hardware components made in the Sonor factory in Germany, and with all shells equipped with EP Extended Play drum heads, the Force Rok Pak is a great value drum set, at an ideal price.
